OPENINGS

At least two business days/forty-eight hours (48) notice is required for all orders to be confirmed for an interment service. Winter months may require additional time to confirm a service. All service orders will be requested by calling the cemetery office and receiving a verbal confirmation.

No interments or inurnments will be completed without a (1) E-Permit/Board of Health authorized Burial Permit, (2) a signed Cemetery Authorization Interment Order, and (3) all fees paid in full.

Cremated Remains require (1) copy of original E-Permit/Board of Health Burial Permit submitted to the cemetery/crematory at time of cremation along with the Certificate of Cremation from the crematory.

The cemetery will not be responsible for orders and locations of grave that have been received by telephone.

All casket earth interments are required to be enclosed in a durable outer burial container (OBC) of a liner or vault.

All cremated remains earth interments shall be received in a sealed urn and placed in a permanent (OBC) durable container urn vault.

COMMITTAL SERVICES

All committal interment services will be held at the graveside confirmed with the order, unless stipulated in advance due to weather or emergency. Set up of the grave, including greens and casket lowering device, is included within the cemetery service fee.

REMOVALS

All removals require a notarized Cemetery Application, signed by all required person(s), and approval by the Cemetery Governing Authority, except upon order of a court having jurisdiction.
